(a) The State Government have formulated the Draft IV Five Year Plan of the State for Rs. 450 Crores. Copies of this Outline have been made available to members of the House on 19th November 1966. This Outline has been discussed with the Planning Commission in October 1966 and a large measure of agreement has been reached between the views of the State Government and those of the Planning Commission on the size and Sectoral allocations of the Plan. It is expected that only some marginal adjustments may be necessary before the plan is finalised. This Plan can be finally adopted by the State Government only after it is formally approved by the Planning Commission.
